State of Delaware Document number 100703-21-10-3

Crime in Delaware: 2016 – 2020 is the official report of serious crimes known to Delaware law enforcement from 2016 through 2020. The report provides extensive data about crime at state and county levels. This supplement reflects an evolving effort within the *Crime in Delaware* reporting process to provide extensive crime data about the City of Wilmington.

The methods used to prepare and analyze Wilmington’s data are the same as those described in the main *Crime in Delaware* report, with one exception: data for Wilmington’s two enforcement agencies—the Wilmington Police Department and the Wilmington Fire Marshall—were first merged before analyzing the city’s data.

In this supplement, tables, and figures with summary level data about offenses, clearances, and arrests are presented first. These are followed by detailed data tables with counts of offenses, clearances, and adult and juvenile arrests (Tables 3 – 6). Summaries of key findings from each level of data are also included and precede the two sections.

Delaware NIBRS data reports for 2020 were downloaded from the Delaware Department of Technology and Information secure document library on March 11, 2021.

The full *Crime in Delaware 2016 – 2020* report contains extensive data and is available on the Statistical Analysis Center’s website (<https://www.sac.delaware.gov>).

Detailed, jurisdiction level offense data can be viewed and downloaded from the Delaware Open Data Portal.

<https://data.delaware.gov/Public-Safety/State-of-Delaware-NIBRS-Crime-Report-Totals-by-Jur/8njr-fz7r>

Note: Caution should be used when comparing criminal offense trends involving 2020 totals. Due to the COVID-19 pandemic and subsequent State of Emergency declarations, court closings, and travel restrictions within the State of Delaware, it is not possible to discern if, or how much, those events impacted year-to-year changes in offense totals.

Wilmington Serious Crime At-a-Glance 2016 – 2020

Overall, 2,550 fewer Group A offenses were reported in Wilmington in 2020 compared to 2016, a decline of 21.4%. This continues a long downward trend, aside from a slight increase in 2016 (see Table 1 and Figure 1). All major crime categories were lower in 2020 compared to 2016, with the greatest declines in Violent Offenses (26.9%) and Serious Property Offenses (26.8%). Drug Offenses and Other Property Offenses declined during this period by 4.9% and 14.1%. Long-term trends since 2009 can be seen in Figure 1A. Figure 1B shows the same long-term trends with a different scale in order to show detail of the four categories.

The most frequently reported offenses in the city were Assault; Larceny; Destruction, Damage, and Vandalism of Property; Drug/Narcotic; Burglary; and Weapon Law Violations. Property Damage has been on an overall downward trend since 2016. The number of homicides in 2020 (32) is the second highest tally in this report's history behind 34 homicides in 2017. Assault has been on a downward trend since 2016. Total Drug Offenses were previously on a multi-year decline, but that trend has flattened in recent years. Patterns for the other three offenses were more mixed. Weapon Law Violations was the only type of these most common crimes to increase from 2019 to 2020. Long term trends since 2009 can be seen in Figure 2.

2020 offenses in all main crime categories were cleared at rates comparable to those from 2016 through 2019 (see Table 1 and Figure 3). Overall, 36% of all offenses committed in 2020 were cleared by the end of the calendar year. Long term clearance trends as recorded by the end of the given year can be seen in Figure 3.

The number of adult arrests has been steadily decreasing since 2016 (18%). Juvenile arrests trends have been more mixed year to year. Total arrests for Drug and Violent Offenses decreased over 20% from 2016 to 2020. The Drug Arrest trend is comparable to the overall state arrest trends and is partially attributed to the marijuana possession statute changes that decriminalized marijuana possession in certain situations and circumstances. Long term trends in arrests can also be seen in Figure 3.

Drug Offense Changes

Note: In December 2015, Delaware passed legislation that decriminalized certain marijuana possession offenses. Depending on various circumstances, these offenses are civil offenses. Due to the Federal Government still recording these offenses as criminal, they are part of the Drug Offense totals in this report. Depending on the circumstances surrounding those offenses, an arrest may not be made due to some possession offenses being deemed "civil offenses" by the State of Delaware.

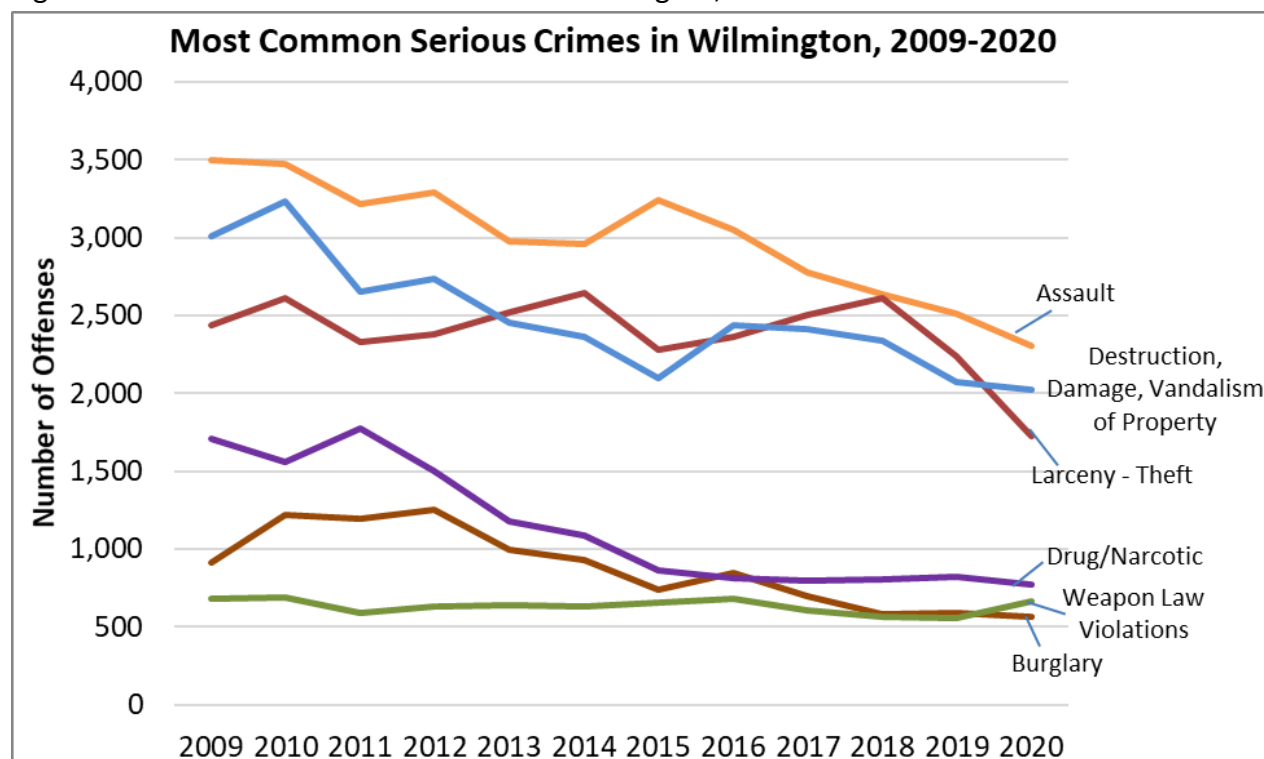

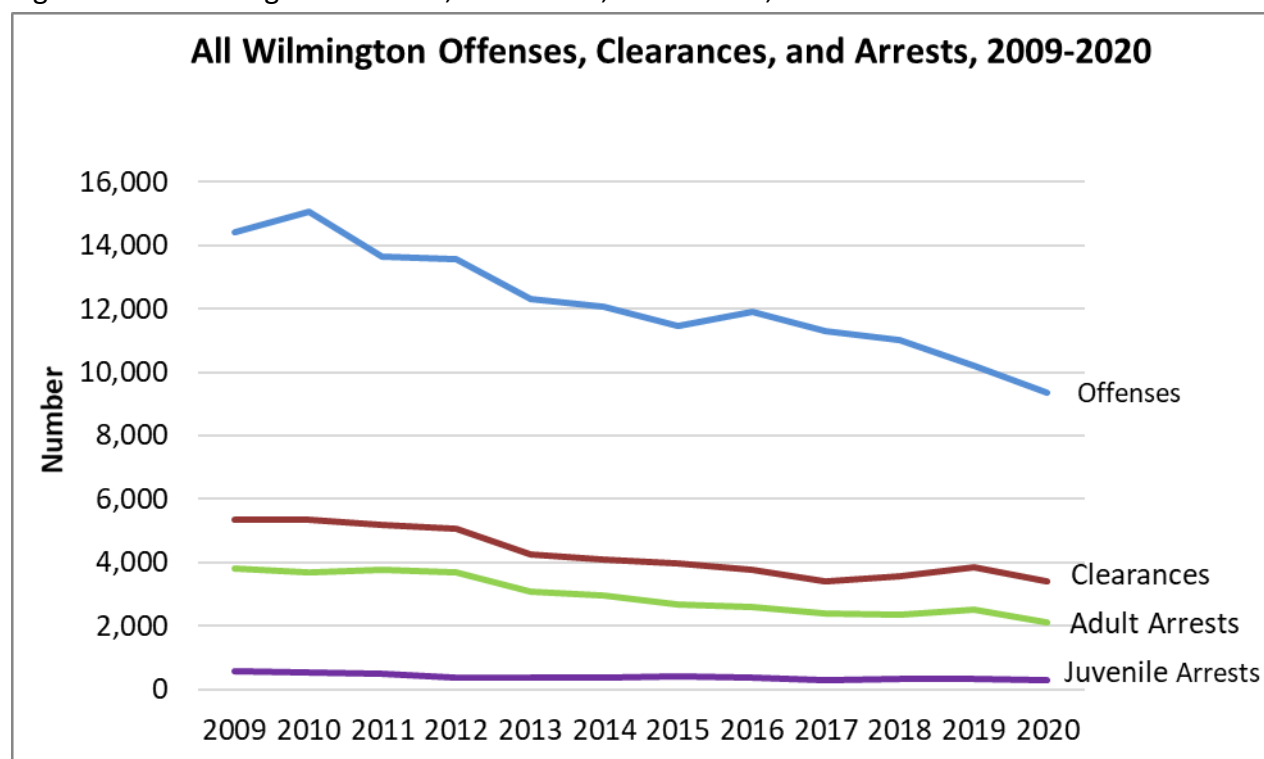

Figure 3: All Wilmington Offenses, Clearances, and Arrests, 2009 – 2020

A Detailed Look at Crime in Wilmington

The following section provides more detailed information about serious crime in Wilmington. Included is a summary of notable findings for specific crimes within the four crime categories (Violent Offenses, Serious Property Offenses, Drug/Narcotic Offenses, Other Property & Social Offenses) along with tables that provide detailed counts of Offenses, Clearances, and Adult and Juvenile arrests.

Violent Offenses

- The number of 2020 Criminal Homicides (32) is the second highest for the five-year report period. Homicides in 2017 (34) and 2020 (32) are the two highest since this report began in 2002.
- Forcible Sex Offenses were 61% lower in 2020 as compared to 2016, and a low for the 5-year report period.
- Assault and Robbery Offenses both decreased (24% and 38% respectively) compared to 2016. Both saw five-year lows in 2020.
- Assault Offenses that involved the use of a firearm were 33% higher in 2020 compared to 2016 which coincides with state trends, and a reporting period high. Robbery Offenses involving a firearm are down 56%, a low since reporting started in 2002.

Note: In 2019 the FBI began including Vehicular Homicides under the Criminally Negligent Manslaughter category. Those offenses were not previously included in the NIBRS Homicide summary totals. This change did not affect Wilmington Homicide totals for 2020.

Serious Property Offenses

- Burglary offenses were 33% lower compared to 2016.
- The number of all Larceny Offenses in 2020 was 27% lower compared with 2016.
- Within that subcategory of crime:
 - The number of Theft from a Building Offenses was 32% lower than 2016.
 - The number of Shoplifting Offenses in 2020 decreased from a high in 2019, resembling levels from 2016.
 - The number of Theft from a Motor Vehicle, the most common Larceny offense, decreased 39% over the same period.

Drug/Narcotic Offenses

- Total Drug Offenses in Wilmington were down 5% overall from 2016 to 2020.
- Drug/Narcotic Possession and Drug Equipment Offenses both decreased from 2016 to 2020 in Wilmington, 3% and 17% respectively.

Other Property and Social Offenses

- The number of Fraud Offenses was 7% lower in 2020 compared to 2016.
- The number of Property Destruction Offenses decreased 17% and is at a 5-year low.
- Weapon Law Violations were 3% lower compared to 2016. This reverses a trend where Violations were decreasing from 2016 to 2019.
